

Homewyse Lists – Adding a Logo

For best quality print and electronic file (PDF) output with Homewyse Lists:

- Use an image with a width of approximately 1000 pixels to fully cover the width of a standard print page
- Use a white or transparent image background to blend with the background used in the Lists print page
- Save your image file in PNG or JPEG file format
- Remember that your Image file will be centered (left to right) at the TOP of the output page
- To place your logo file, follow **all** steps at

ImageFile1.png
100 pixels tall x 1030 pixels wide
